The event or moment I regret about the most

I would like to talk to my great-grandmother, who died in 2006(90 years old), I loved her, but I didn't say much about it.

Why I decided to become a donor?

My friend used to have health problems, but now she has a long-awaited daughter. Someone will also be a little happier. Besides, I'm not ready for children yet, and there is a possibility. The reward, of course, interests me.

My most vivid memory from childhood

I am in the Moscow region with a friend, we run through a field with peas, collect them; swim in the lake, ride a bicycle, create comics with dogs (like characters from cartoons), collect mushrooms, tell stories, laugh from horror movies, enjoy the aromas of the forest.
